

UNITED WAY OF BROOME COUNTY

Agency Name: Johnson City Senior Citizens Center, Inc.

Program Name: Health and Wellness

Program Success Story:

Testimonial from a participant received as an e-mail.

“Five months ago I moved from Rockland County, where I spent my adult life, to Broome County, where outside of my immediate family I did not know a soul. One day I walked in to your senior center and saw a sign on the office window for instructions to keep your balance. The classes started already but I was allowed to join them. I want you to please convey my thanks and gratitude to the two dedicated teachers Christina and Jocelyne. They not only gave us lessons from the book, they showed personal interest in our life, and we had conversation not strictly related to the subject. I feel lucky that I met these teachers and their students because through them I came to like this little town and have a good feeling that I belong. And last but not least, I thank you for organizing such wonderful programs for us seniors. Keep up the good work.”
