

UNITED WAY OF BROOME COUNTY

Agency Name: Johnson City Senior Citizens Center, Inc.

Program Name: Recreation and Education

Program Success Story:

Unusually we had a gentleman that moved to the area for a temporary period. He had come to Binghamton because his daughter was playing basketball at the University and he wanted to attend the games. He sought out the senior center on his landlord's recommendation and ate lunch here everyday, also participating in the shuffleboard league and holiday events. He often shared that the center had become his family while he was living away from his wife (who had yet not retired) and other children.
